Where monitoring is not required, the Department is responsible for reviewing the MPO's activities and expenditure of funds, and will comment on and make suggestions relating to those activities and expenditures.
- B. Develop a time line for development of the UPWP by the MPO; and in consultation with the MPOs, shall develop a standard UPWP format to be used by all MPOs.
- C. Make available to the MPO its share of all federal metropolitan planning funds and provide the required non-federal match as authorized by the Texas Transportation Commission. - E. Provide planning policy direction to the MPO Transportation Planning Director.

Article 5. Responsibilities of the Fiscal Agent

- B. Provide all appropriate funding, as identified by fiscal year in the UPWP, to allow the MPO staff to effectively and efficiently operate the program.
- C. Provide human resource services to the MPO.

- F. Share with the Department information and information resources concerning transportation planning issues.

Article 7. Unified Planning Work Program

- A. Each year the MPO shall submit to the Department a program of work that includes goals, objectives, and tasks required by each of the several agencies involved in the metropolitan transportation planning process. This program of work is to be called the Unified Planning Work Program (UPWP), or any successor name. The UPWP shall be approved by the MPO Policy Committee, in accordance with 23 CFR §450.314.
- B. The UPWP will be prepared for a period of one (1) year or two (2) years unless otherwise agreed to by the Department and the MPO. The UPWP shall reflect only that work that can be accomplished during the time period of the UPWP, in accordance with TAC §16.52.
- C. The UPWP shall reflect transportation planning work tasks to be funded by federal, state, or local transportation, or transportation related (e.g. air quality) planning funds. The budget and statement of work will be included in the UPWP. The MPO may not incur costs until final approval of the UPWP is granted. The maximum amount payable will not exceed the budget included in the UPWP.
- D. The effective date of each UPWP will be October 1st of each year or the date of approval from the appropriate oversight agency, whichever occurs later. On that date, the UPWP shall constitute a new federal project and shall supersede the previous UPWP.
- E. The UPWP shall comply with all applicable federal and state requirements and will describe metropolitan transportation and transportation-related planning activities anticipated in the area.
- F. The use of federal metropolitan transportation planning funds shall be limited to transportation planning activities affecting the transportation system within the boundaries of a designated metropolitan planning area. If an MPO determines that data collection and analysis activities relating to land use, demographics, or traffic or travel information, conducted outside its boundaries, affects the transportation system within its boundaries, then those activities may be undertaken using federal planning funds, if the activities are specifically identified in an approved UPWP. Any other costs incurred for transportation planning activities outside the boundaries of a designated metropolitan planning area are not eligible for reimbursement.
- G. Travel outside the State of Texas by MPO staff and other agencies participating in the MPO planning process must be approved by the Department if funded with federal transportation planning funds. The MPO must receive approval prior to incurring any costs associated with the actual travel (e.g., registration fee). This provision will not apply if the travel is at the request of the Department. Travel to the State of Arkansas by the Texarkana MPO staff and travel to the State of New Mexico by the El Paso MPO staff shall be considered in-state travel.
- H. The cost of travel incurred by elected officials serving on the MPO Policy Committee is eligible for reimbursement with federal transportation planning funds in accordance with 43 TAC §16.52.
- I. The use of federal transportation planning funds is limited to corridor/subarea level planning or multimodal or system-wide transit planning studies. Major investment studies and

environmental studies are considered corridor level planning. Unless otherwise authorized by federal law or regulation, the use of such funds beyond environmental document preparation or for specific project level planning and engineering (efforts directly related to a specific project instead of a corridor) is not allowed.

- J. Failure to adhere to the time line developed by the Department may result in a delay in the authorization to the MPOs to proceed in incurring costs.
- K. A UPWP will not be approved if it is submitted in a format other than the standard format developed by the Department. The UPWP and subsequent amendments may be submitted electronically.
- L. The MPO shall not incur any costs for work outlined in the UPWP or any subsequent amendments (i.e., adding new work tasks or changing the scope of existing work tasks) prior to receiving approval from the Department. Any costs incurred prior to receiving Department approval are not eligible for reimbursement from federal transportation planning funds.
- M. Costs incurred by the MPO shall not exceed the total budgeted amount of the UPWP without prior approval of the MPO Policy Committee and the Department. Costs incurred on individual work tasks shall not exceed that task budget by 25 percent without prior approval of the MPO Policy Committee and the Department. If the costs exceed 25 percent of the task budget, the UPWP shall be revised, approved by the MPO Policy Committee, and submitted to the Department for approval.
- N. The MPO Policy Committee must approve the UPWP and any subsequent revisions, and shall not delegate the approval authority, except for corrective actions. Corrective actions do not change the scope of work, result in an increase or decrease in the amount of task funding, or affect the overall budget. Examples include typographical, grammatical, or syntax corrections.
- O. Should any conflict be discovered between the terms of this agreement and the UPWP, the terms of this agreement shall prevail.
- P. The MPO is not authorized to request payment for any work it may perform that is not included in the current UPWP.

Article 8. Compensation

The Department's payment of any cost incurred under this agreement is contingent upon all of the following:

- A. Federal funds are available to the Department in a sufficient amount for making payments.
- B. The incurred cost is authorized in the UPWP. The maximum amount payable under this agreement shall not exceed the total budgeted amount outlined in the UPWP in accordance with 43 TAC §16.52.
- C. The cost has actually been incurred by the MPO and meets the following criteria:
 - 1. Is verifiable from MPO records;
 - 2. Is not included as match funds for any other federally-assisted program;
 - 3. Is necessary and reasonable for the proper and efficient accomplishment of program objectives;
 - 4. Is the type of charge that would be allowable under 2 CFR 200 Revised, "Cost Principles for State, Local, and Indian Tribal Governments" and the state's UGMS; and
 - 5. Is not paid by the Department or federal government under another assistance program unless authorized to be used as match under the other federal or state agreement and the laws and regulations to which it is subject.

- D. After October 1st of each year, the Department will issue a work order to the MPO establishing the effective date of work and the total funds authorized. If the UPWP is subsequently revised, necessitating a revision to the original work order, or the Department deems a revision necessary, a revised work order may be issued at any time throughout the fiscal year. If the amount in the UPWP differs from the amount in the work order, the amount in the work order prevails.
- E. The MPO is authorized to submit requests for payment of authorized costs incurred under this agreement on a semi-monthly basis, but no more than twenty four (24) times a year and no less than monthly as expenses occur. Each request for payment shall be submitted in a manner acceptable to the Department, which includes, at a minimum, the following information:
 - 1. UPWP budget category or line item;
 - 2. Description of the cost;
 - 3. Quantity;
 - 4. Price;
 - 5. Cost extension; and
 - 6. Total costs
- F. The MPO shall submit the final bill from the previous fiscal year to the Department no later than December 31st of the calendar year in which that fiscal year ended. Any bills submitted after December 31 for a fiscal year in which the funds have been de-obligated will be processed against the current year's UPWP.
- G. Payment of costs is contingent upon compliance with the terms of Article 3 (Responsibilities of the MPO) of this agreement. Noncompliance may result in cancellation of authorized work and suspension of payments after a thirty (30) day notification by the Department to the MPO.

Article 9. Reporting

To permit program monitoring and reporting, the MPO shall submit reports as required in Article 3 (Responsibilities of the MPO) of this agreement. If task expenditures overrun or underrun a budgeted task amount by twenty-five percent (25%) or more, the annual performance and expenditure report must include an explanation for the overrun or underrun.

Article 10. Indemnification

- A. The MPO shall save harmless the Department and its officers and employees from all claims and liability that are due to activities of the MPO, its agents, or its employees performed under this agreement and that are caused by or result from error, omission, or negligent act of the MPO or of any person employed by the MPO.
- B. To the extent possible under state law, the MPO shall also save harmless the Department from any and all expense, including but not limited to, attorney fees that may be incurred by the Department in litigation or otherwise resisting claims or liabilities that may be imposed on the Department as a result of the activities of the MPO, its agents, or its employees.

Department of Transportation (USDOT), and their authorized representatives shall have the right at all reasonable times to inspect or otherwise evaluate the work performed or being performed under this agreement and the premises on which it is being performed.
- B. If any inspection or evaluation is made on the premises of the MPO or a subcontractor, the MPO shall provide or require its subcontractor to provide all reasonable facilities and assistance for the safety and convenience of the inspectors in the performance of their duties. All inspections and evaluations shall be performed in a manner that will not unduly delay the work.
- C. The MPO agrees to maintain all books, documents, papers, computer generated files, accounting records, and other evidence pertaining to costs incurred and work performed under this agreement, and shall make those materials available at its office during the time period covered and for seven (7) years from the date of final payment under the UPWP. Those materials shall be made available during the specified period for inspection by the Department, the USDOT, and the Office of the Inspector General of the USDOT and any of their authorized representatives for the purpose of making audits, examinations, excerpts, and transcriptions.
- D. The state auditor may conduct an audit or investigation of any entity receiving funds from the Department directly under this agreement or indirectly through a subcontract under this agreement. Acceptance of funds directly under this agreement or indirectly through a subcontract under this agreement acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit under the state's UGMS.

Article 12. Work Performance

All work performed under this agreement shall be carried out in a professional and orderly manner, and the products authorized in the UPWP shall be accurate and exhibit high standards of workmanship.

Article 13. Disputes

The MPO shall be responsible for the settlement of all contractual and administrative issues arising out of procurement entered into in support of work under this agreement. In the event of a dispute between the Department and the MPO concerning the work performed under this agreement in support of the urban transportation planning process, the dispute shall be resolved through binding arbitration. Furthermore, the arbiter shall be mutually acceptable to the Department and the MPO.

Article 14. Non-Collusion

The MPO shall warrant that it has not employed or retained any company or person, other than a bona fide employee working for the MPO, to solicit or secure this agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent upon or resulting from the award or making of this agreement. If the MPO breaches or violates this warranty, the Department shall have the right to annul this agreement without liability or, in its

Article 15. Subcontracts

- A. Any subcontract for services rendered by individuals or organizations not a part of the MPO’s organization shall not be executed without prior authorization and approval of the subcontract by the Department and, when federal funds are involved, the USDOT. All work in the subcontract is subject to the state’s UGMS. If the work for the subcontract is authorized in the current approved UPWP, and if the MPO’s procurement procedures for negotiated contracts have been approved by the Department either directly or through self-certification by the MPO, the subcontract shall be deemed to be authorized and approved, provided that the subcontract includes all provisions required by the Department and the USDOT.
- B. Subcontracts in excess of \$25,000 shall contain all required provisions of this agreement.
- C. No subcontract will relieve the MPO of its responsibility under this agreement.

Article 16. Termination

- A. The Department may terminate this agreement at any time before the date of completion if the Governor withdraws his designation of the MPO. The Department or the MPO may seek termination of this agreement pursuant to Article 13 (Disputes) if either party fails to comply with the conditions of the agreement. The Department or the MPO shall give written notice to all parties at least ninety (90) days prior to the effective date of termination and specify the effective date of termination.
- B. The Department may terminate this agreement for reasons of its own, subject to agreement by the MPO.
- C. The parties to this agreement may terminate this agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the parties shall agree upon the termination conditions.
- D. Upon termination of this agreement, whether for cause or at the convenience of the parties, all finished or unfinished documents, data, studies, surveys, reports, maps, drawings, models, photographs, etc., prepared by the MPO shall, at the option of the Department, be delivered to the Department.
- E. The Department shall reimburse the MPO for those eligible expenses incurred during the agreement period that are directly attributable to the completed portion of the work covered by this agreement, provided that the work has been completed in a manner satisfactory and acceptable to the Department. The MPO shall not incur new obligations for the terminated portion after the effective date of termination.

Article 17. Force Majeure

Except with respect to defaults of subcontractors, the MPO shall not be in default by reason of failure in performance of this agreement in accordance with its terms (including any failure by the MPO to progress in the performance of the work) if that failure arises out of causes beyond the control and without the default or negligence of the MPO. Those causes may include but are not limited to acts of God or of the public enemy, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather. In every case, however, the failure to perform must be beyond the control and without the fault or negligence of the MPO.

Any person doing business with, or who may do business with the Department or the MPO under this agreement, may not make any offer of benefits, gifts, or favors to Department or the MPO employees. Failure on the part of the Department or the MPO to adhere to this policy may result in termination of this agreement.

Article 20. Compliance with Laws

The parties to this agreement shall comply with all federal and state laws, statutes, rules, and regulations, and the orders and decrees of any courts or administrative bodies or tribunals in any matter affecting the performance of this agreement, including without limitation, workers' compensation laws, minimum and maximum salary and wage statutes and regulations, and licensing laws and regulations.
